ZenGroup recruitment team, Osaka

October 2026

Application: French Language Marketer, ZenMarket

Dear ZenGroup team,

My name is Sabri Mohamadi. I am French, I live in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the French Language Marketer position at ZenMarket.

Living in Tokyo, I see every day how much of what French fans love, from figures to games and books, is only sold in Japan. ZenMarket opens that door for French-speaking buyers, and I would like to help more of them find it.

At Bandai Namco I was part of the core team behind the franchise's worldwide strategy, and I worked every day with marketing, communications and localisation on three games: **Little Nightmares III**, the VR game and the mobile port. I saw how a campaign is planned around release dates, how content is adapted for each market, and how results are reported to stakeholders. I also rebuilt our tracking tools and **automated a weekly report that took a full day**, so I am comfortable with data and dashboards.

The posting asks for one year of paid advertising experience, and I do not have it. What I have is the content side: as I am Hika on YouTube, I write, film and edit my own videos and stream on Twitch, so I know how to make content for an audience and read what it responds to. I am ready to learn the paid side quickly with your team.

French is my native language and English my working language, which covers the English-to-French adaptation in the role. I understand most spoken Japanese and hold everyday conversations; reading and writing are still behind, and I take classes to close that gap.

I can start right away, including relocating to Osaka. My portfolio is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
