2K hiring team, Tokyo

October 2026

Application: Associate Manager, Content Localization (Tokyo)

Dear 2K hiring team,

My name is Sabri Mohamadi. I am a Producer and Game Designer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the Associate Manager, Content Localization position at 2K in Tokyo.

As a French native, I notice right away when a translation was rushed, and at Bandai Namco I learned why it happens: text that arrives late, strings without context, a schedule with no room for review. Helping a localization team avoid those three is the work I would like to do at 2K.

Localization was part of my daily work on Little Nightmares. I kept localization, QA, analytics, marketing and communications aligned with development on Little Nightmares III, the VR game and the mobile port, and reviewed milestone deliveries from external studios. I rebuilt project tracking in **Jira, Confluence** and SharePoint and **automated a weekly report that used to take a full day**.

On the people side, I coached the project leads of six game projects at a games incubator, and I teach Producing, Game Design and Level Design at Ynov Campus as a Visiting Lecturer. I have not worked as a linguist, but I know what a localization pipeline needs from production, and I pick up tools quickly; I trained as a programmer.

English is my working language, and I understand most spoken Japanese, which helps when working alongside teams in Tokyo. I can start right away. My CV is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
