Collectors, PSA APAC hiring team, Tokyo

October 2026

Application: Project Manager, PSA APAC

Dear Collectors hiring team,

My name is Sabri Mohamadi. I am a Producer and Game Designer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the Project Manager position for PSA APAC.

What I enjoy most in production is getting many moving parts, in different countries, to land on the same day. I did it across studios and vendors in Europe, and now that I live in Tokyo, I would like to do it for PSA's projects, partners and events across the region.

At Bandai Namco I worked on **three projects in parallel with four external studios**, plus playtest and service vendors. I tracked milestones and deliveries, kept QA, localization, marketing and communications aligned, and reported progress to stakeholders and the IP holder. I rebuilt project tracking in Jira, Confluence and SharePoint and **automated a weekly report that used to take a full day**.

Earlier, I ran one schedule for six game projects and around forty people at a games incubator, and as a consultant I automated business processes and trained client teams. Today I also work freelance with indie teams and teach Producing at Ynov Campus as a Visiting Lecturer.

English is my working language, French my native language, and I understand most spoken Japanese. I can start right away. My CV is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
