October 2026

Application: French Game Localization Tester (Tokyo)

Dear Keywords Studios team,

My name is Sabri Mohamadi. I am French, I live in Tokyo, and from 2023 to 2025 I was Global Associate Producer on the Little Nightmares franchise at Bandai Namco Entertainment Europe. I am writing to apply to your pool of French Game Localization Testers in Tokyo.

For two years I sat on the other side of the bug database: I read QA and localization reports every day to track what had to be fixed before each milestone. I know how much a clear report saves developers, and I would now enjoy writing them myself.

Besides French, English is my working language, and I understand most spoken Japanese. I trained as a programmer, I am comfortable with Jira, Confluence and Microsoft Office, and I play a lot, from rhythm games such as osu! and Muse Dash to Monster Hunter: World.

I live in Tokyo on a working holiday visa, so I am already authorised to work in Japan. I am available Monday to Friday and can start right away. My CV is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
