PLAYISM recruitment team, Active Gaming Media, Osaka — October 2026

Application: Assistant Producer, PLAYISM (Osaka)

Dear PLAYISM team,

My name is Sabri Mohamadi. I am a Producer and Game Designer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the Assistant Producer position at PLAYISM in Osaka.

Indie games are where I started. My first serious project was NaJiKi, a horror game I designed and produced and took to pitch competitions in France. Today in Tokyo, I am preparing a series of interviews with indie developers in Japan for my YouTube channel, I am Hika. Helping games like these reach players around the world is what I would love to do at PLAYISM.

At Bandai Namco I was the day-to-day contact for our external developers: Supermassive Games on **Little Nightmares III**, Iconik on **Little Nightmares VR: Altered Echoes**, and Playdigious on the mobile port in the run-up to launch, plus porting work with Engine Software. I reviewed every milestone delivery, tracked progress and reporting, and kept QA, localization, analytics, marketing and communications aligned. I helped ship the three games on twelve platforms, from PS5 and Switch 2 to Meta Quest and iOS.

I still work with indie teams today: as a freelancer, I help independent creators, collectives and small studios with production setup, playtests and gameplay reviews, and I teach Producing, Game Design and Level Design at Ynov Campus as a Visiting Lecturer.

I can start right away, including relocating to Osaka. English is my working language and French my native language. I understand most spoken Japanese and hold everyday conversations with ease; reading and writing are still behind, and I am taking classes to close that gap. My portfolio is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
