TransPerfect hiring team, Tokyo

October 2026

Application: Localization Project Manager (Tokyo)

Dear TransPerfect Tokyo team,

My name is Sabri Mohamadi. I am a Producer and Game Designer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the Localization Project Manager position at your Nishi-Shinjuku office.

Localization has always been close to me. French is my native language, English has been my working language for years, and since moving to Tokyo, Japanese is part of my everyday life. At Bandai Namco, localization was part of my daily work, and it is the side of production I would like to focus on now.

There, I worked with four external studios and with playtest and service vendors on **three projects in parallel**. I tracked schedules and deliveries, checked every milestone delivery against what had been agreed, and kept QA, localization, analytics, marketing and communications moving with development. When something slipped, my job was to spot the risk early, find its cause with the right team, and tell stakeholders before it became a problem.

I also like making processes lighter. I rebuilt our project tracking in Jira, Confluence and SharePoint and **automated a weekly report that used to take a full day**. Before that, at Inov'Xper, I automated business processes for clients with Microsoft 365 and Power Automate and trained their teams, so client calls and clear documentation are familiar ground. Training is still part of my work today: I teach Producing at Ynov Campus as a Visiting Lecturer.

Purchase orders, translation memories and your internal tools would be new to me, and I learn tools fast; I trained as a programmer. I can start right away, and I would be glad to take the test and meet your team. My CV is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
