Digital Hearts Global Business, TOKYO Lab

October 2026

Application: French Game Tester (LQA / FQA), Tokyo

I am applying for the French Game Tester position (LQA and FQA) at your TOKYO Lab. I live in Tokyo on a working holiday visa, so I am already authorised to work in Japan and can start right away.

French is my native language and English my working language, and I understand most spoken Japanese. For two years I was Global Associate Producer on Little Nightmares at Bandai Namco Entertainment Europe, where I worked every day with QA and localization teams on three games that shipped on twelve platforms. I know what developers need from a bug report, and how to check French text for meaning, consistency and tone.

I trained as a programmer and I am comfortable with Jira and bug-tracking tools. I can work several days a week and I would be glad to grow into a longer contract with your team.

My CV is at **sabri-mohamadi.fr**. I can start right away.

Kind regards,

Sabri Mohamadi
