ANYCOLOR Inc. recruitment team, Tokyo

October 2026

Application: English-speaking roles (open position), NIJISANJI EN

Dear ANYCOLOR team,

My name is Sabri Mohamadi. I am a Producer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am applying to your open position for English-speaking roles, and I would be glad to be considered for project, production or talent support work on NIJISANJI EN.

I am a creator too, on a small scale. On YouTube, as I am Hika, I write, film and edit my videos alone, and I stream on Twitch. I know how much work sits behind a schedule of streams and uploads, and how much a good team around a creator changes what they can do.

For two years my work was in English, every day, with studios and teams in the UK, France and the Netherlands: Supermassive Games on **Little Nightmares III**, Iconik on the VR game, Playdigious on the mobile port in the run-up to launch, and localisation, QA, marketing and communications. I tracked milestones, collected assets and feedback, and reported to stakeholders and the IP holder. I also handled requests from Bandai Namco Entertainment in Japan, which taught me to bridge a Japanese headquarters and teams abroad.

The posting asks for business-level Japanese. I understand most spoken Japanese and hold conversations with ease, but reading and writing are still behind, and I take classes in Tokyo to close that gap. French is my native language and English my working language.

I am available now. My portfolio is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
