VaynerMedia Japan recruitment team, Tokyo

October 2026

Application: Senior Project Manager, VaynerMedia Japan

Dear VaynerMedia Japan team,

My name is Sabri Mohamadi. I am a Producer based in Tokyo, and from 2023 to 2025 I was **Global Associate Producer on the Little Nightmares franchise** at Bandai Namco Entertainment Europe. I am writing to apply for the Senior Project Manager position.

I know social content from the creator side. On my YouTube channel, I am Hika, I write, film and edit every video alone, and I stream on Twitch. I know what a realistic turnaround looks like, and how quickly a plan changes when a platform or an audience moves.

At Bandai Namco I managed scope, timelines and deliveries for three games in parallel with external studios: Supermassive Games on **Little Nightmares III**, Iconik on the VR game and Playdigious on the mobile port in the run-up to launch. I arbitrated scope across the versions, tracked milestones and reported to stakeholders and the IP holder. I rebuilt our tracking on Jira, Confluence and SharePoint and **automated a weekly report that took a full day**.

The role asks for agency experience, and I do not have it. My work has been on the client side, with partners who delivered to us, so I know what a client expects from a project manager: clear scope, honest timelines and no surprises. I am ready to learn the agency side quickly.

French is my native language and English my working language. I understand most spoken Japanese and hold everyday conversations; reading and writing are still behind, and I take classes in Tokyo to close that gap.

I am available now. My portfolio is at **sabri-mohamadi.fr**. Thank you for your time and consideration.

Kind regards,

Sabri Mohamadi
