Application: Localization Project Manager (Tokyo)

I am applying for the Localization Project Manager position in Tokyo. The role combines vendor selection and negotiation, budgets and purchase orders, and many projects running in parallel against deadlines, all in English.

For two years at Bandai Namco Entertainment Europe, as Global Associate Producer on Little Nightmares, I coordinated external studios and vendors on **three projects in parallel**, including localization, QA and playtest vendors. I tracked milestones and deliveries, followed reporting, and kept every team aligned on the schedule. I also **automated a weekly report that used to take a full day**.

Before that, as Consultant and Trainer at Inov'Xper, I automated business processes for clients with Microsoft 365 and Power Automate and trained their teams, so I am used to client-facing work and structured processes. Today I also teach Producing at Ynov Campus as a Visiting Lecturer.

French is my native language, English my working language, and I understand most spoken Japanese. I live in Tokyo and can start right away.

My CV and portfolio are at **sabri-mohamadi.fr**. I would be glad to talk about how I can help your clients' projects run smoothly.

Kind regards,

Sabri Mohamadi
