October 2026

Application: English Game Localization Tester (Tokyo)

I am applying to join your pool of English Game Localization Testers in Tokyo, alongside my application to the French pool. I live in Tokyo on a working holiday visa, so I am already authorised to work in Japan and can start right away.

English has been my daily working language for years, and French is my native language. As Global Associate Producer on Little Nightmares at Bandai Namco Entertainment Europe, I worked every day with QA and localization teams on three games that shipped on twelve platforms, so I know how much clear bug reports and consistent text matter.

I trained as a programmer and I am comfortable with Jira, Confluence and Microsoft Office. I am available Monday to Friday and can start right away. My CV is at **sabri-mohamadi.fr**.

Kind regards,

Sabri Mohamadi
