Application: English Game Localization Tester (Tokyo)

Alongside my application to your French pool, I would be glad to test in English too. For two years, as Global Associate Producer on Little Nightmares at Bandai Namco Entertainment Europe, I read QA and localization reports every day, so I know what makes one clear and useful for developers.

English has been my daily working language for years, French is my native language, and I understand most spoken Japanese. I trained as a programmer, I am comfortable with Jira, Confluence and Microsoft Office, and I play a lot, from rhythm games such as osu! and Muse Dash to Monster Hunter: World.

I live in Tokyo on a working holiday visa, so I am already authorised to work in Japan. I am available Monday to Friday and can start right away. My CV is at **sabri-mohamadi.fr**.

Kind regards,

Sabri Mohamadi
